RESUBMISSION OF POWER OF ATTORNEY

Sir:

This continuation application was to have been filed with a copy of the Power of Attorney by Assignee originally filed with parent Application No. 10/454,626, filed June 3, 2003, now U.S. Patent 6,724,328. Indeed, the receipt postcard (copy attached) filed with this continuation application indicated that the Power of Attorney was filed, and the Patent and Trademark Office did not alter that indication prior to returning the receipt postcard. Thus, the Power of Attorney should be presumed to have been filed.

However, there is no copy of the Power of Attorney in the undersigned's file for this continuation application, nor does there appear to be a copy in the Image File Wrapper of this continuation application as accessed via the Private

PAIR system. Therefore, for completeness, and out of an abundance of caution, a copy of the Power of Attorney by Assignee as originally filed in the parent application, is attached.

Respectfully submitted,

Jeffrey H. Ingberman
